Dear Ms. Broome:

The School Advisory Council of Centre Consolidated School supports the Impact Assessment Report released on May 30, 2008. The SAC also supports a new P-9 Community School in the Town of Lunenburg to replace Centre Consolidated School, Lunenburg Academy, Lunenburg Junior-Senior High and possibly Riverport & District Elementary School, with the following considerations:

1. We request due consideration be given to bussing routes, particularly as they pertain to students living on the outer limits of the catchment area, eg. Dayspring.
2. We recognize the quality of the soccer fields already existing at Centre Consolidated School and we recommend consideration be given to assure continued community use.
3. In the event that, for some reason, a new school does not come to pass, we understand Centre will retain its status on the priority list for major renovations. It is exciting and encouraging to work in co-operation with representatives of all concerned communities and groups towards creating new educational opportunities for our students.

Respectfully submitted,

Joan Durnford
