SCHOOL REVIEW IMPACT ASSESSMENT REPORT LUNENBURG ACADEMY
DATED MAY 30, 2008

In response to this assessment, we, the Lunenburg School Advisory Council, are in agreement with the findings presented in the P-5 Impact Assessment Report. We fully support the construction of a new P-9 school to be located in the Town of Lunenburg, serving the students of Centre Consolidated, Lunenburg Academy and Lunenburg Junior-Senior High, and possibly Riverport & District Elementary.

As a SAC, we strongly recommend that our P-5 students remain at the Lunenburg Academy until the new P-9 school opens. We also request that members of our SAC are involved in the site selection and planning of a new P-9 facility.

We understand the next phase of this process is a public meeting. We request that one meeting be held for the schools in the Town of Lunenburg at the earliest possible date.

Respectfully submitted,

Lunenburg SAC
