To the Chairperson and Members of the Board of
The South Shore Regional School Board

We have audited the statement of financial position of the South Shore Regional School Board as at March 31, 2009, and the statements of operations and surplus, changes in net financial resources and cash flows for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit except as explained in the following paragraph.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with other School Boards in Nova Scotia, the Board is ultimately accountable for revenue earned by schools from school generated funds, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues and opening balances is limited to the amounts recorded in the records of the schools in which these funds are held. Therefore, we are not able to determine whether any adjustments might be necessary to school generated revenue, excess of revenue over expenditure, assets and net financial resources.

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of revenue referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 2009 and the results of its operations, changes in net financial resources and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Notes to the Financial Statements

March 31, 2009

1. Financial Reporting and Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles for the public sector, which for purposes of the School Board's financial statements are represented by accounting recommendations of the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA), supplemented where appropriate by other CICA accounting standards or pronouncements.

These financial statements have been prepared using the following significant accounting policies:

Basis of Accounting and Consolidation

Revenues

Revenue is reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable. The main components of revenue are funding from the Province of Nova Scotia, Government of Canada and Municipal contributions.

The consolidated statement of financial position is presented using the principles of consolidation prescribed by the Department of Education. Trust funds are not included in the consolidation. For a detailed review the reader should refer to the financial statements of each fund as presented in these financial statements.

Expenditures

Expenditures are the cost of goods and services acquired in the period whether or not payment has been made or invoices recorded. Expenditures are recorded on the accrual basis and include the cost of supply inventories purchased during the year. Provisions are made for probable losses on certain loans, investments, accounts receivable, and contingent liabilities when it is likely that a liability exists and the amount can be reasonably determined. These provisions are updated as estimates are revised, at least annually.

Use of estimates

In preparing the Board's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and reported amounts of revenue and expenses. Actual amounts could differ from these estimates.

Financial instruments

The Board's financial instruments include receivables, cash and cash equivalents, bank indebtedness, investments, payable and accruals, due to/from related parties. Unless otherwise noted, it is management's opinion that the Board is not exposed to significant interest, currency or credit risk arising from these financial instruments. The fair value of these financial instruments approximates their carrying values, except for payables to related parties, for which fair value was not readily determinable.

Financial Assets

Cash and cash equivalents are recorded at cost which approximates market value.

Accounts receivable are recorded at the principal amount less valuation allowances, if applicable.

Liabilities

Pension, Retirement and Other Obligations include various employee benefits. For purposes of these financial statements, the School Board's pension liabilities are calculated using an accrued benefits actuarial method and using accounting assumptions which reflect the Board's best estimates of performance over the long-term. The net pension liabilities represent accrued pension benefits less the market related value of pension assets (if applicable) and the balance of unamortized experience gains and losses.

1. Financial Reporting and Accounting Policies (continued)

Deferred Revenue

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year that the related expenditures are incurred or service performed.

Net Financial Resources

Net financial resources represent the direct assets of the Board less financial liabilities.

Non-Financial Assets

Inventories are bus garage parts and bus tire inventories recorded at average cost. All other supplies and purchases are expensed.

Tangible Capital Assets

Tangible capital assets have useful lives extending beyond the accounting period, are held for use in the production or supply of goods and services and are not intended for sale in the ordinary course of operations. Tangible capital assets are recorded at net historical cost, when applicable. Tangible capital assets include land, buildings, computer equipment and software, and vehicles. Tangible capital assets do not include intangibles or assets acquired by right. The buildings and school buses financed by the Province of Nova Scotia and transferred to the School Boards are not accounted for in the School Board's financial statements, rather they are included in the Province of Nova Scotia's financial statements. The Board adopted the Province of Nova Scotia's Tangible Capital Assets Accounting Policy thresholds and only those assets meeting the thresholds are recorded as additions. The thresholds and amortization rates (declining balances) as defined in the policy are as follows:

	<u>Threshold</u>	<u>Rates</u>
Buildings	\$250,000	5%
Leasehold improvements	\$150,000	5%
Computer hardware	\$25,000	50%
Motor vehicles	\$15,000	35%
Equipment	\$50,000	20%
Software	\$250,000	50%

Prepaid Expenses and Inventories

Prepaid expenses are cash disbursements for goods or services, other than tangible capital assets and inventories of supplies, of which some or all will provide economic benefits in one or more future periods. The prepaid amount is recognized as an expense in the year the good or service is used or consumed.

3. Defined Benefit Pension Plans

Details on the defined benefit plans are provided by Morneau Sobeco and have been determined by them in accordance with PS 3250 for the Southwest Regional School Board C.U.P.E. Staff Pension Plan (the "CUPE Plan") and the Southwest Regional School Board Support Staff Pension Plan (the "Support Staff Plan"). Results are presented for the fiscal year ending March 31, 2009.

Plan restructuring to separate each plan into the South Shore Regional School Board ("SSRSB") and the Tri-County Regional School Board ("TCRSB") is in progress as of March 31, 2009. The results are under the CUPE and Support Staff Plan names until the split between the SSRSB and TCRSB is finalized.

3. Defined Benefit Pension Plans (continued)

- The asset split between SSRSB and TCRSB has been adjusted to reflect the most up-to-date information contained in the actuarial valuation reports for funding purposes that have been prepared as at March 31, 2007, in which assets for each plan were allocated according to solvency liabilities.
- A new valuation had been performed on an accounting basis at March 31, 2007 (and rolled back to the measurement date of December 31, 2006), and projected the results forward to December 31, 2008 and December 31, 2009 to determine the fiscal 2009 pension expense.

For both plans, employee contributions equal 5% of their salary, and the School Boards contribute the balance to fund the plan.

C.U.P.E defined benefit pension plan

The CUPE pension plan was last valued on March 31, 2007. These valuations were projected to December 31, 2007, 2008 and 2009. The accrued benefit asset was adjusted to March 31, 2009 by including employer contributions made between January and March of 2009. The actuarial valuation projects deficits of \$1,461,200 for the SSRSB and \$320,800 for the TCRSB for a total deficit of \$1,782,000 as of March 31, 2009. Plan assets are recorded at market value. The Board uses the Projected Unit Credit method of actuarial costs, which is prorated on service.

The following table shows the plan's pension expense for the 2009 fiscal year, the expected benefit asset as at March 31, 2009 and a reconciliation of the accrued benefit asset as at March 31, 2009.
