

## **Inspection Directives**

The **South Shore Regional School Board** is committed to identify and correct unsafe acts and conditions.

The Board will ensure that all workplaces are inspected in total at least once a year.

Monthly inspections (in all schools from September to June) will be conducted by members of the Joint Occupational Health and Safety Committee and a designated Administrator.

Reports of inspections shall be posted at a conspicuous location and made available to all employees upon request.

Corrective action will be the responsibility of the Manager/Principal and the Director of Operations.
