Municipal Alcohol Project	<p>The Municipal Alcohol Project (Town of Bridgewater and Municipality of the District of Lunenburg) invited SchoolsPlus and youth to attend a community forum “Together We Can” held January 23 at the Bridgewater Fire Hall from 9-3. Several speakers reviewed the background and progress of the work, locally and in province, promising practices, and directions. We participated in table discussions for purpose of input around identification of community policy / advocacy priorities. Next steps will see significant invitation to youth, as well as focus on other important goals.</p> <p>The following was noted in the report:</p> <ul style="list-style-type: none">◦ <i>While planning for YAP is still in the early stages, the following provisional considerations have been identified to help shape and guide the project:</i><ul style="list-style-type: none">- <i>The initiative should be ‘youth led’, with the adult members of the Action Team serving as facilitators and mentors.</i>- <i>There should be a diverse cross-section of youth involved – ranging from youth leaders to youth who may be typically perceived to be, or who may see themselves as, marginalized, at risk or under-represented. The target group will be youth in grades 9 to 11 (or equivalent age).</i>- <i>The first step is to identify suitable youth and to engage them in the initiative. An initial meeting/planning-session with youth participation is tentatively scheduled to occur the third week of May 2015.</i>- <i>The MAP Committee will provide information and ongoing guidance to youth involved in YAP to help them understand, and focus their efforts on, effective approaches and strategies to achieve positive health, social and economic benefits related to alcohol use and population health.</i> <p>A meeting was held at Bridgewater Fire Hall 26 March to continue</p>

	<p>sub-committee discussions.</p> <p>The following overview is informative:</p> <p style="text-align: center;">Lunenburg County 'Youth Alcohol Project' (YAP) An Initiative of the Lunenburg County Municipal Alcohol Project (MAP) Committee</p> <p>Overview:</p> <ul style="list-style-type: none">◦ The Lunenburg County Municipal Alcohol Project (MAP) is an undertaking of many community partners concerned about the harmful use of alcohol and its impact on individuals, families and the community as a whole. Through focused advocacy and healthy public policy measures, the MAP Committee seeks to minimize risks and harms and to shift the culture of alcohol use at the community level.◦ The MAP Committee has identified Youth Engagement as a key priority (see <i>Highlights Report of 'Together We Can' Community Forum, 2015</i>). The MAP Committee has struck an Action Team to develop and implement action plans for this priority – specifically by planning and implementing the Lunenburg County Youth Alcohol Project (YAP), and wishes to recruit youth members for the Action Team/YAP. To this end, the MAP Committee respectfully requests the assistance of schools and youth-focused organizations to identify suitable youth members, and to encourage and facilitate their involvement over time.◦ While planning for YAP is still in the early stages, the following provisional considerations have been identified to help shape and guide the project:<ul style="list-style-type: none">- The initiative should be 'youth led', with the adult members of the Action Team serving as facilitators and mentors.- There should be a diverse cross-section of youth involved – ranging from youth leaders to youth who may be typically perceived to be, or who may see themselves as, marginalized, at risk or under-represented. The target group will be youth in grades 9 to 11 (or equivalent age).- The first step is to identify suitable youth and to engage them in the initiative. An initial meeting/planning-session with youth participation is tentatively scheduled to occur the third week of May 2015.- The MAP Committee will provide information and ongoing guidance to youth involved in YAP to help them understand, and focus their efforts on, effective approaches and strategies to achieve positive health, social and economic benefits related to alcohol use and population health.

Restorative Approaches	<ul style="list-style-type: none">- Shirley followed up a letter of information from Darren Haley and Richard Derible with schools to confirm their needs / planning / requests for ongoing RA involvement / training. A number of pilot schools have responded Shirley chatted with Richard Derible, Justice, and provincial lead for Restorative Approaches in Schools.- YOUTH - Richard has kindly agreed to provide the following formal training in conflict resolution for youth:<ul style="list-style-type: none">o Bridgewater Queens YAC has a Restorative Approaches goal this year, and has been engaging in workshops to learn the fundamentals of RA. Richard Derible (Justice, Lead: Restorative Approaches in the Schools - NS) has provided workshops and guidance to this group, and has agreed to formal training day for youth in conflict resolution. The goal, in addition to learning framework and strategies, will be to return to their schools and be supported in engaging in appropriate peer resolution events / situations / problem solving, and the engage as leaders in this respect in their schools with the support of administration and staff.o BWQ YAC have looked forward to this training for some time and wish to invite others to this opportunity, including:

	<ol style="list-style-type: none">1. youth at Lunenburg County YAC who wish to follow up with the work at their schools (some of whom have already signed up) as it is a support to their violence, sexual harassment and abuse prevention, and substance awareness goals2. Youth at FHCS who are, under the guidance of Ray Johnson and Lindsay Welsford and their excellent RA team there, engaging in learning and applying the strategies among peers. Thanks to Miles Page for his leadership support to the youth and staff.3. Richard will be inviting youth from some other areas of Nova Scotia to take part. <p>The event will be held on Thursday, 30 April, at Bridgewater Jr., Sr. High, by kind hospitality of principal there (thanks). The formal area for the day will be the library, with the adjoining SchoolsPlus Community room being used for lunch. To allow for wide transportation needs, the day will formally begin at 10. Since there is an eight hour component to the training, Shirley is willing to provide preliminary training to the YAC groups and to youth at FHCS.</p>
RCMP / SchoolsPlus YAC	<p>On March 6 Braden Newell and Katherine Eisnor of YAC attended Aspotogtan Consolidated Elementary School along with Cst FRANCIS for a planned "Pink Day. Standing up to Bullying". In total 3</p>

	<p>Community Justice) had been working with a youth, however since last posting; this youth has selected to choose an alternate path. A new candidate is being considered at this point.</p> <p>Constable Rod Francis and Constable Angels MacEachern will undertake training for the HUB in Lunenburg County as soon as it becomes available. Several candidates will be considered for this service.</p>
Incredible Years Program	<p>Several SchoolsPlus team members will take Incredible Years training in April, through the kind sponsorship of IWK. Other team members are on a waiting list.</p>
SASLQ	<ul style="list-style-type: none">- Excellent feedback was received from the Dr. Lori Haskell workshop provided for the public in late February. Shirley Burris and Beth MacInnis had an opportunity to see Dr. Haskell earlier in the year and found the experience to be very informative. SchoolsPlus Community Outreach workers attended in February, and found very positive outcomes.- Shirley attended a SASLQ meeting on 24 March, where partner protocol developments were reviewed.- Shirley and intern Erica Langille attended the Restorative Legal system presentation on the evening of 24 January. The following
