# AirWatch 7.0 User Interface Guide

A complete User Interface comparison between AirWatch 6.5 and 7.0

# Table of Contents

This guide cross references console changes from AirWatch 6.5 and AirWatch 7.0, including:

- [Header Menu](#)
- [Main Menu](#)
- [Dashboards](#)
- [Reports & Analytics](#)
- [Profiles & Policies](#)
- [Catalog](#)
- [Content](#)
- [Telecom](#)
- [Accounts](#)
- [Peripherals](#)
- [Configuration](#)
- [Device Management](#)

# Header Menu

The Header Menu is the ribbon across the top of the AirWatch console. The icons, features, and layout of the Header Menu have been updated in 7.0.

## What's new in the Header Menu?

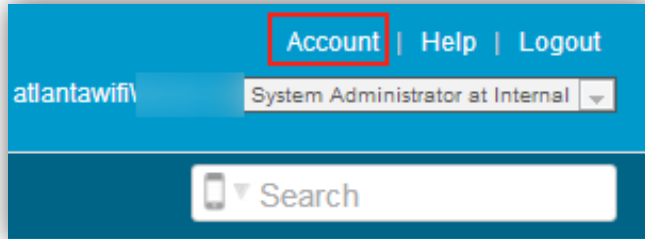

- Account and User Preferences
- Help
- Logout
- Role Change Menu
- Search
- Getting Started Wizard
- Organization Group Menu
- Hub
- Add
- My Favorites - Saved

# Account and User Preferences

Account and User Preferences are located in the fly-out menu from the Account icon located in the Header Menu.

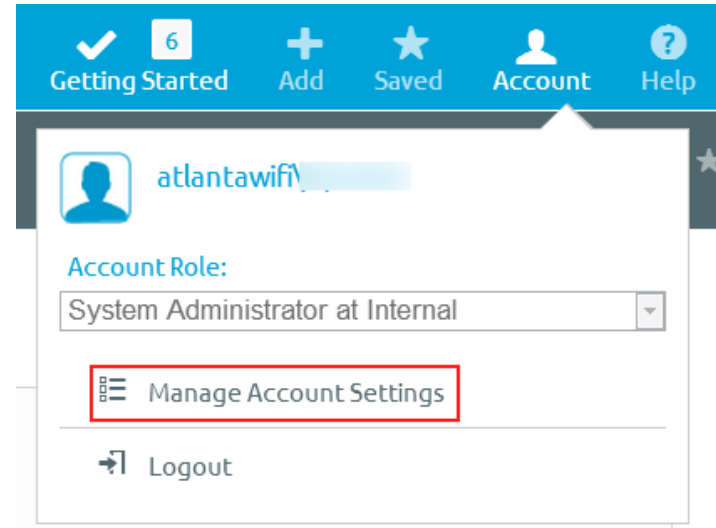

## 6.5

- Account

## 7.0

- Account > Manage Account Settings

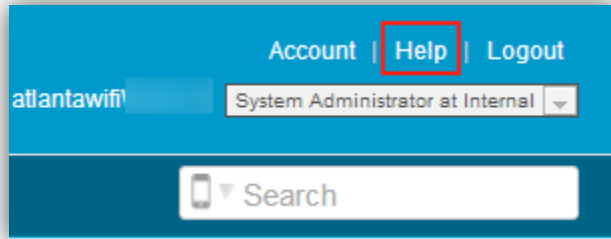

# Help

The online help link has been relocated to the Header Menu and now has an associated icon.

## 6.5

- Help

## 7.0

- Help

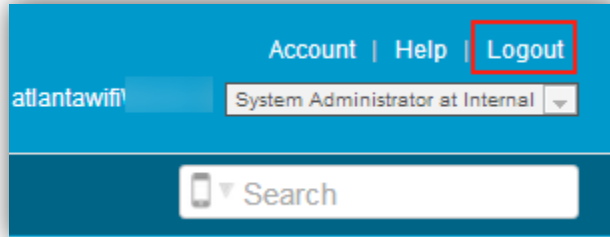

# Logout

The option to Logout has been relocated to the fly-out menu from the Account option in the Header Menu.

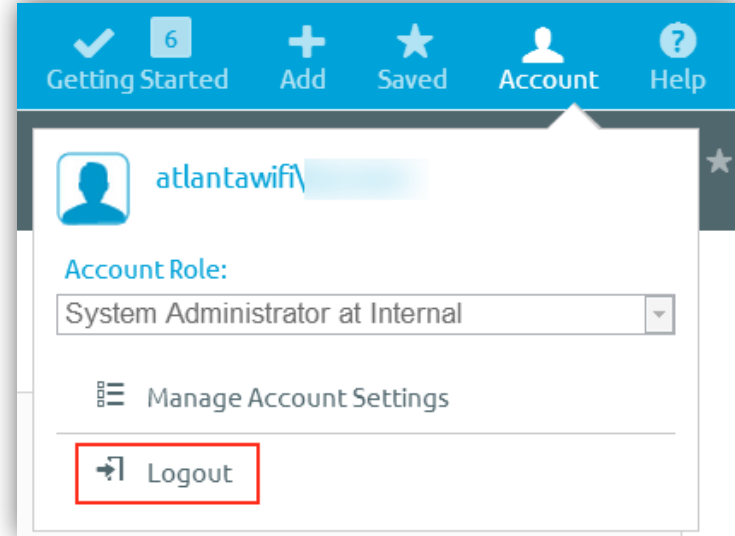

## 6.5

- Logout

## 7.0

- Account > Logout

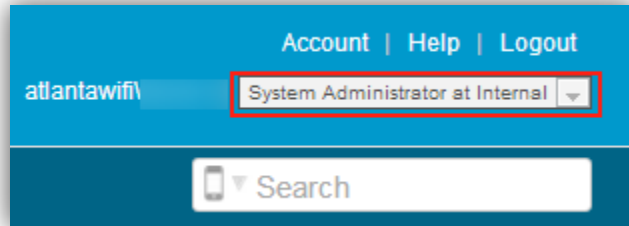

# Role Change Menu

Change your Account Role by navigating to Account in the Header Menu and choosing an option from the drop down menu.

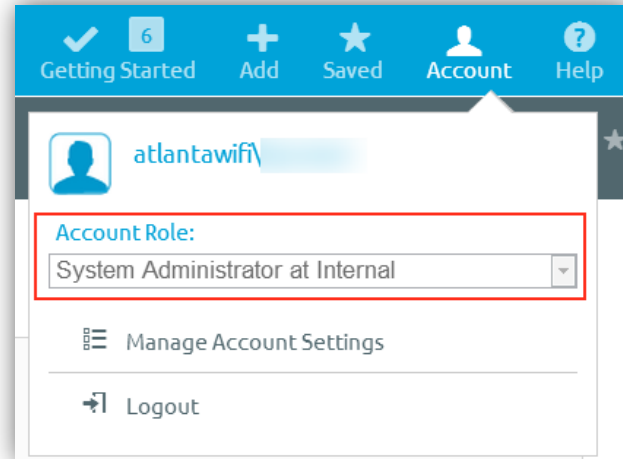

## 6.5

- Header Menu > Drop Down Option

## 7.0

- Header Menu > Account > Account Role Drop Down Option

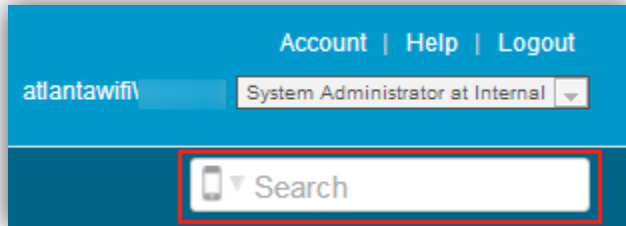

# Search

The search bar has been relocated to the Header Menu. You no longer need to select a search type, the search functionality has expanded to automatically return results from the entire console.

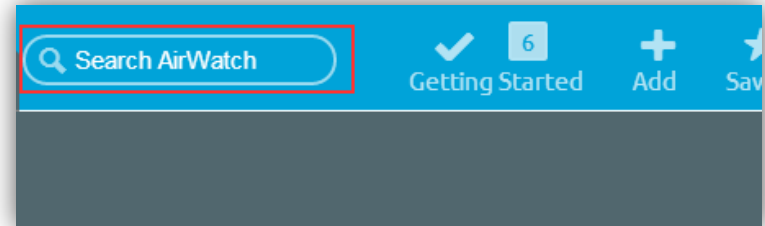

## 6.5

- Beneath the Header Menu

## 7.0

- Included in Header Menu Options

**Notes:** Searching for Settings using the Global Search bar only works with English  
For additional information on the new Search feature, please see page 3 of the [AirWatch MDM Guide](#).

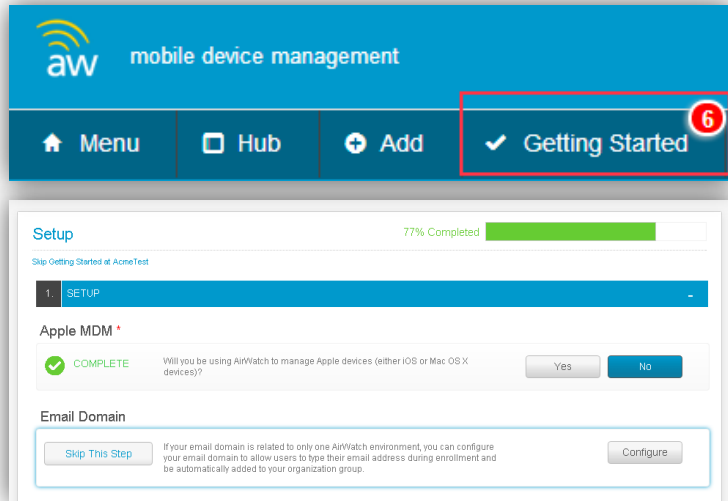

# Getting Started Wizard

The Getting Started Wizard has been streamlined and is more user-friendly, featuring embedded tutorial videos and dynamic menus.

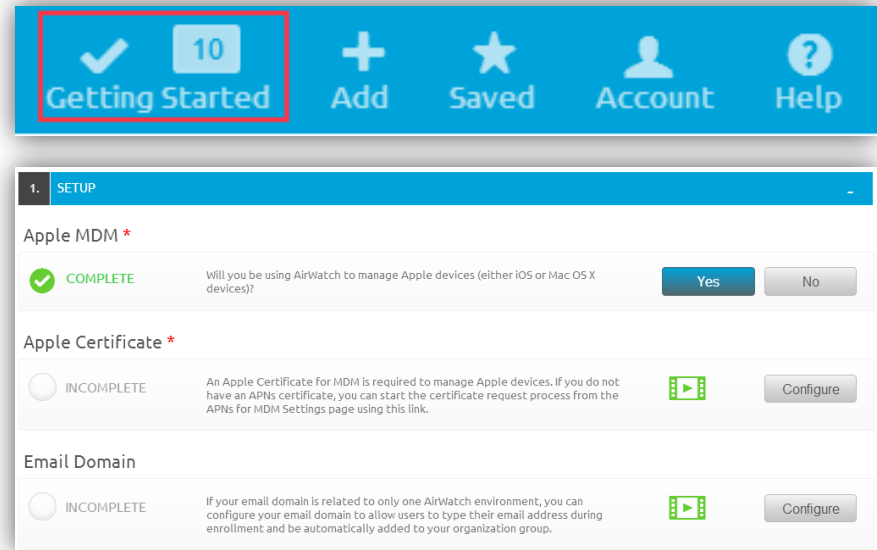

## 6.5

- Located in top-left Header Menu.

## 7.0

- Located in the top-right Header Menu.

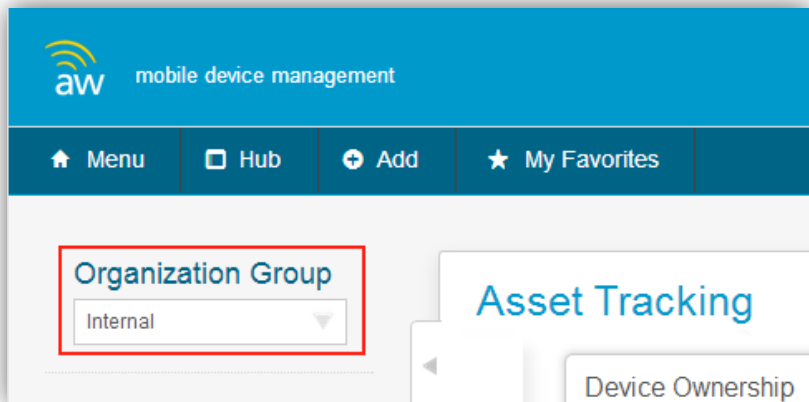

# Organization Group Menu

The Organization Group (OG) selection menu is now located above the main window. The OG Selection Menu displays the current OG you're currently managing. Change the OG by selecting the drop down arrow.

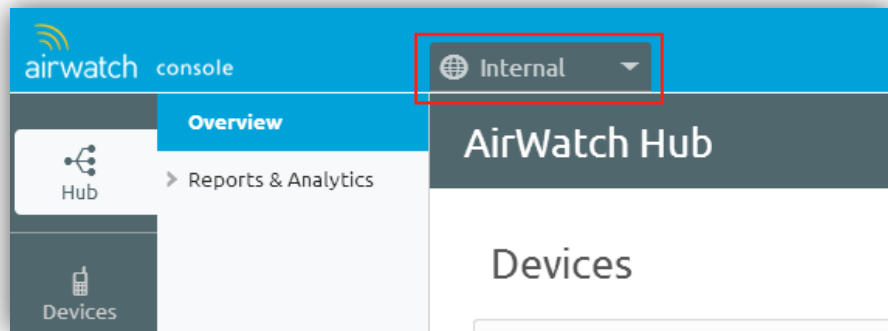

## 6.5

- Drop down available from left-hand navigation

## 7.0

- Drop down available from left-hand Header Menu

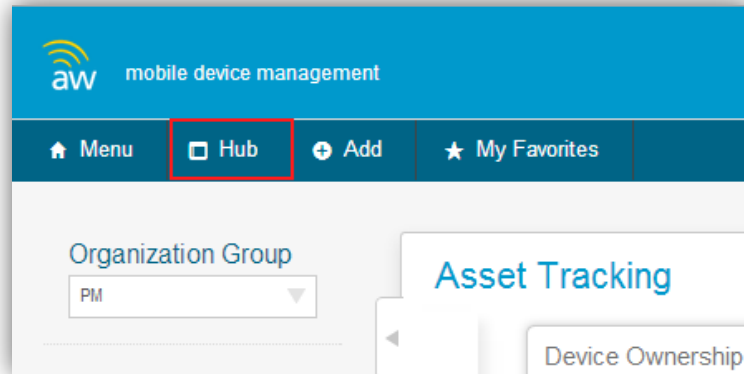

# Hub

The AirWatch Hub has moved from the Header Menu to the Main Menu – Left Navigation Bar.

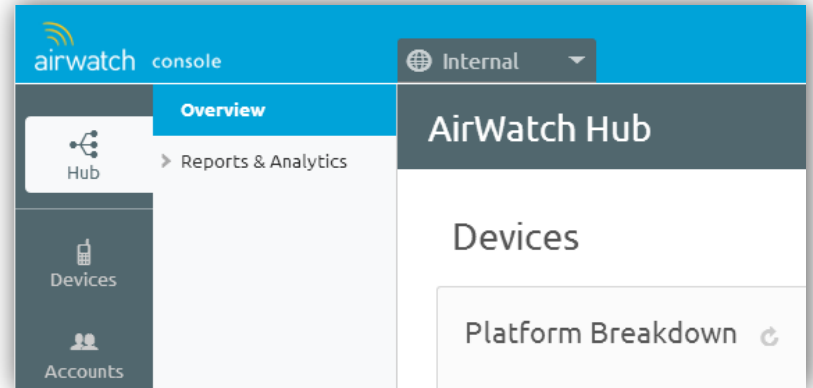

## 6.5

- Icon in Header Menu

## 7.0

- Hub > Overview

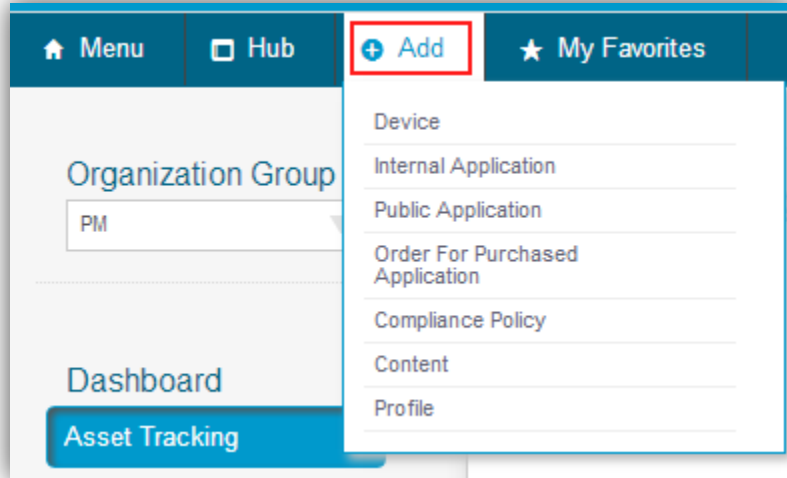

# Add

Add is now a part of the Header Menu with a new logo and additional features.

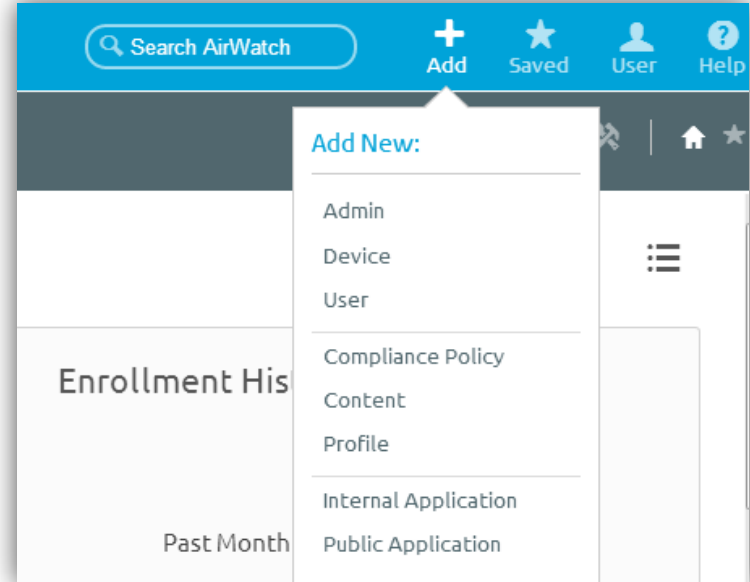

## 6.5

- Selection from Header Menu

## 7.0

- Selection from new Header Menu

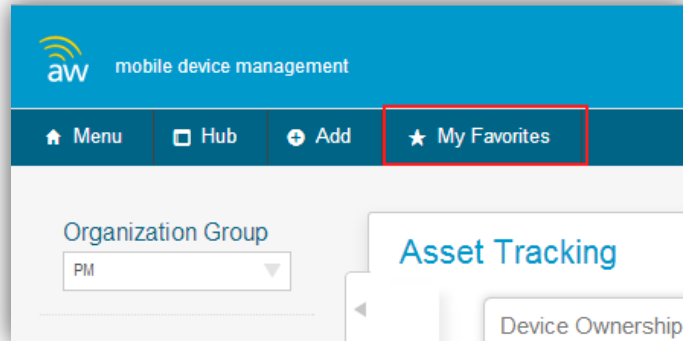

# My Favorites – Saved

The “My Favorites” button is now the “Saved” button. You can access all of your previously favorite items by navigating to Saved in the new Header Menu.

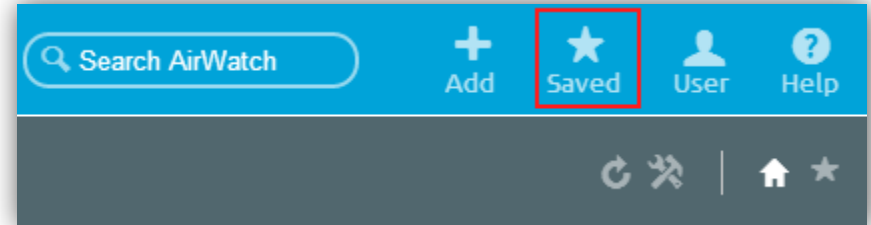

## 6.5

- My Favorites selection from the Header Menu

## 7.0

- Saved selection available in the Header Menu

# Main Menu

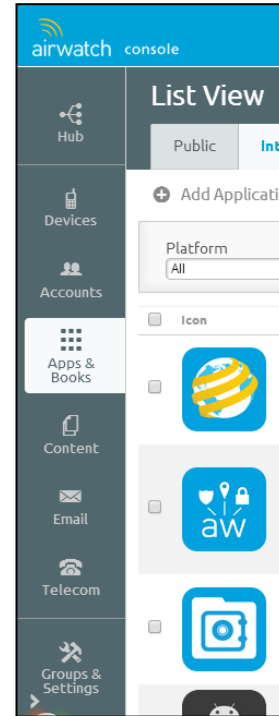

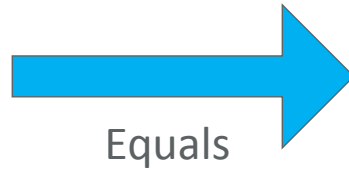

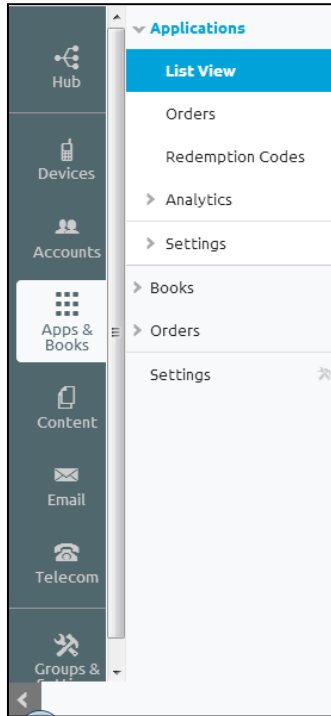

The Main Menu is a navigation bar located on the left side of the console, and is used for quick access to common areas of the AirWatch Admin Console. Previously, the Main Menu was a fly-out Menu selection from the Header Menu.

## What's new in the Main Menu?

- Device Dashboards
- Reports and Analytics
- Profiles & Policies
- Catalog
- Content
- Telecom
- Accounts
- Peripherals
- Configuration

# Main Menu Navigation Sidebar

The Main Menu Navigation Sidebar offers access to all of the submenus of the main AirWatch pages. You can hide/display the Navigation bar by selecting the small arrow icon

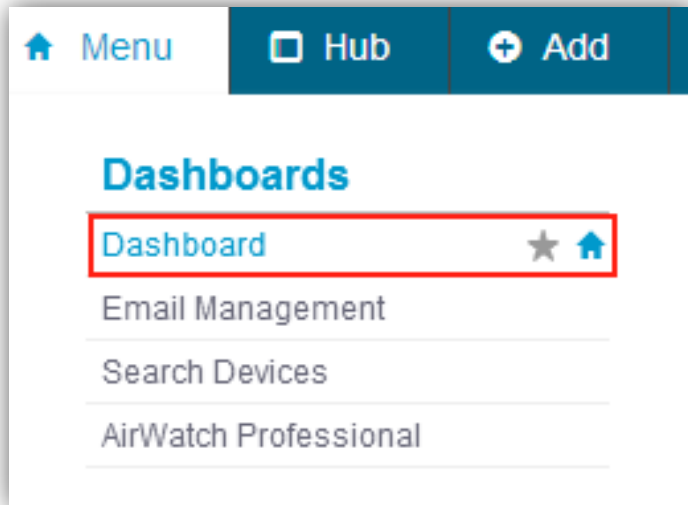

No navigation bar

# Menu – Device Dashboard

The Device Dashboard is located from the new Main Menu's Devices page sub menu.

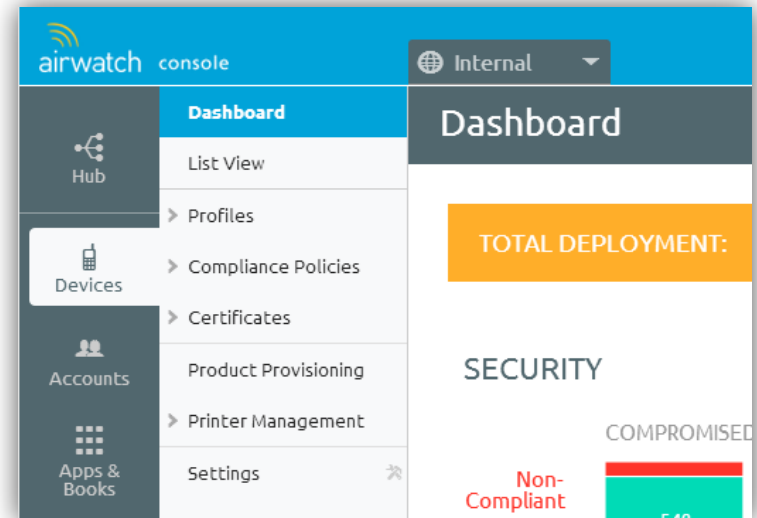

## 6.5

- Menu > Dashboards > Dashboard

## 7.0

- Devices > Dashboard

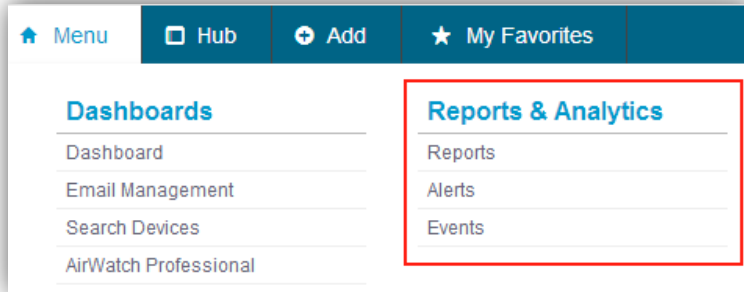

# Menu – Reports & Analytics

Reports & Analytics can be found by navigating to the Hub sub menu.

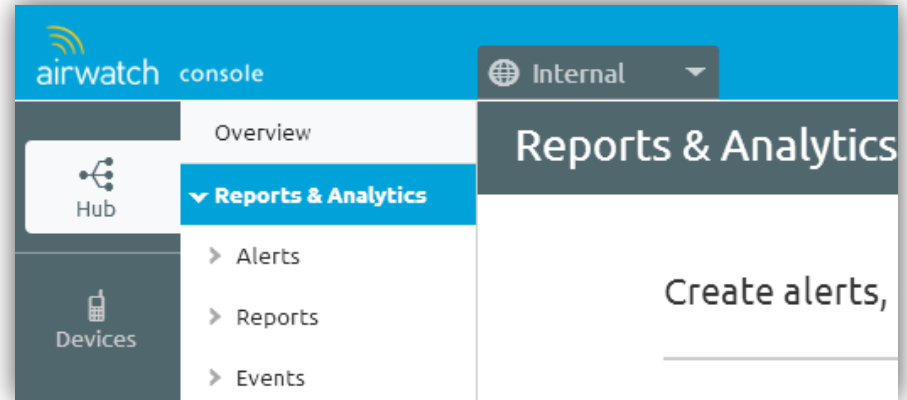

## 6.5

- Menu > Reports & Analytics

## 7.0

- Hub > Reports & Analytics

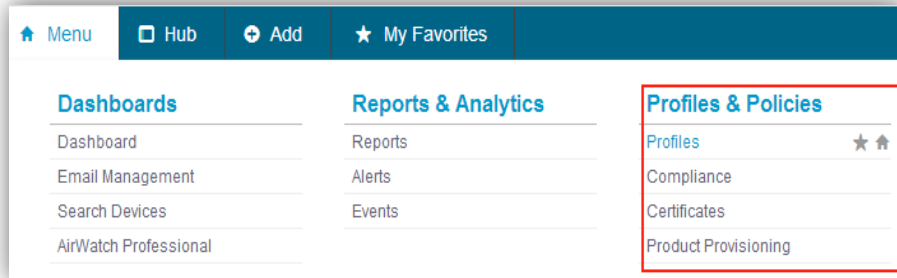

# Menu – Profiles & Policies

Device Profile & Policies can be created and managed from the Devices tab of the Main Menu.

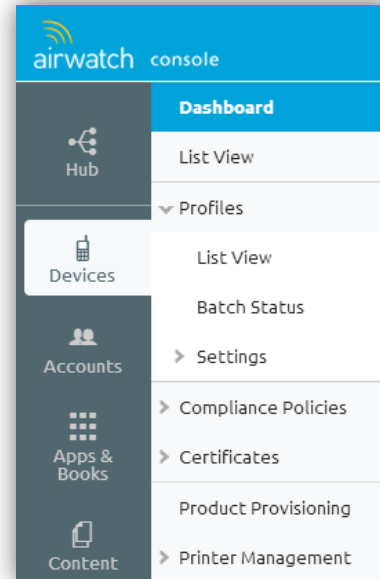

## 6.5

- Menu > Profiles & Policies

## 7.0

- Devices > Profiles > List View

# Menu – Catalog – Apps & Books

The Application Catalog feature has been relocated to the Apps & Books tab located in the Main Menu.

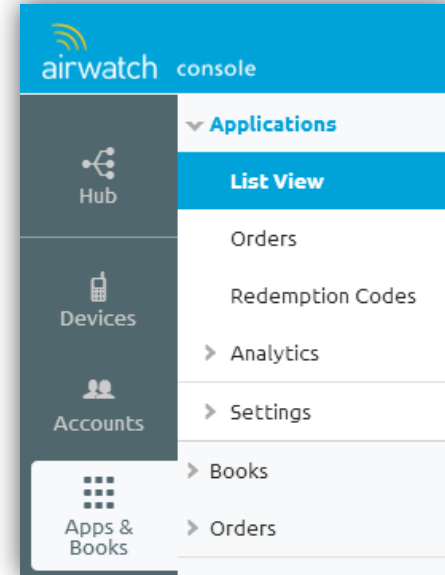

## 6.5

- Menu > Catalog

## 7.0

- Apps & Books

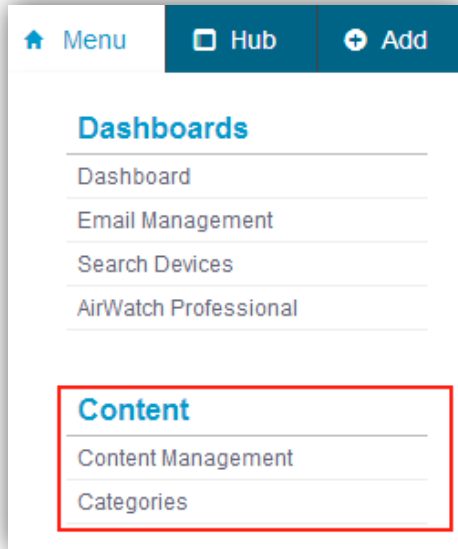

# Menu – Content

Content has moved from the 6.5 drop down Menu, to the Main Menu in 7.0.

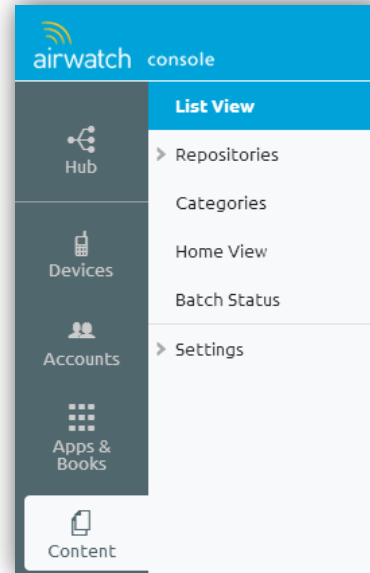

## 6.5

- Menu > Content

## 7.0

- Content

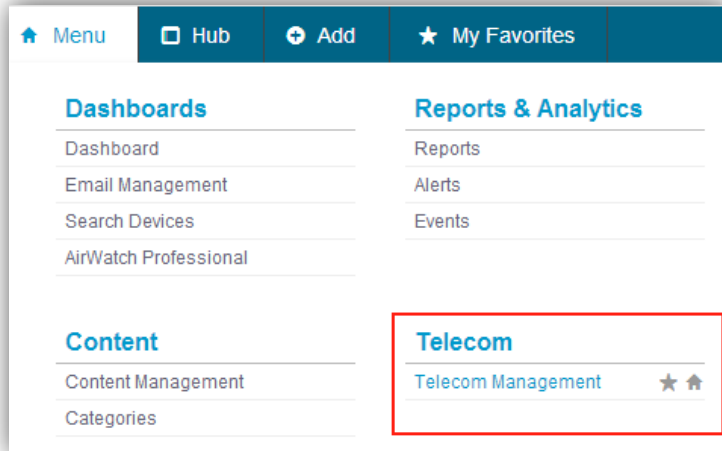

# Menu – Telecom

Telecom has moved from the 6.5 drop down Menu, to the Main Menu.

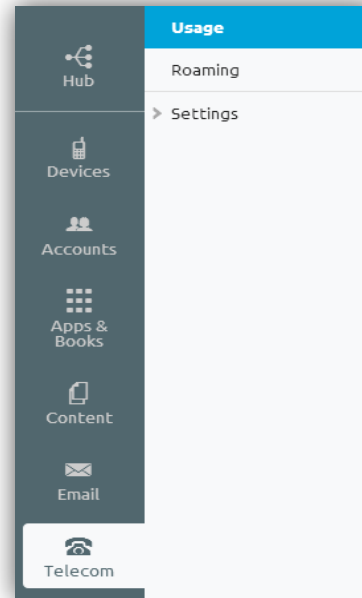

## 6.5

- Menu > Telecom

## 7.0

- Telecom

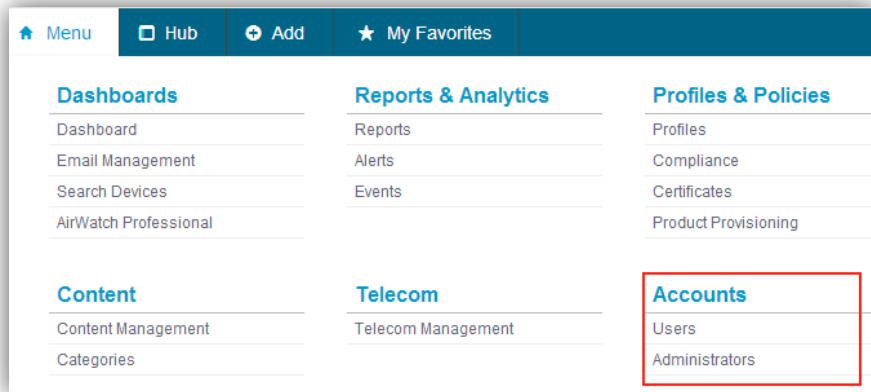

# Menu – Accounts

The Accounts feature has moved from the 6.5 drop down Menu to the Main Menu.

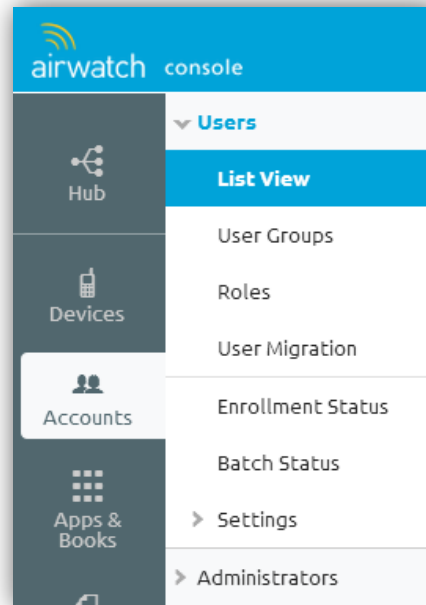

## 6.5

- Menu > Accounts

## 7.0

- Accounts

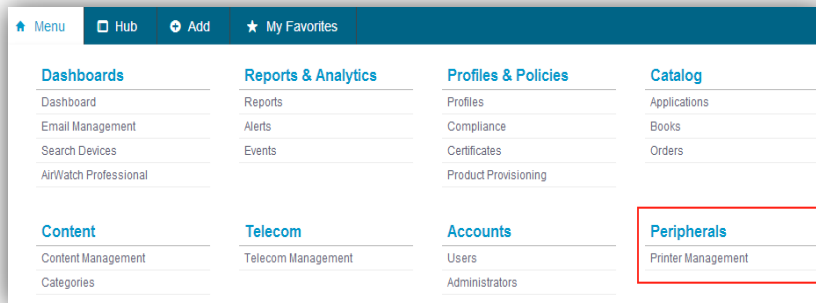

# Menu – Peripherals

Printer Management options are located from the Devices Main Menu tab.

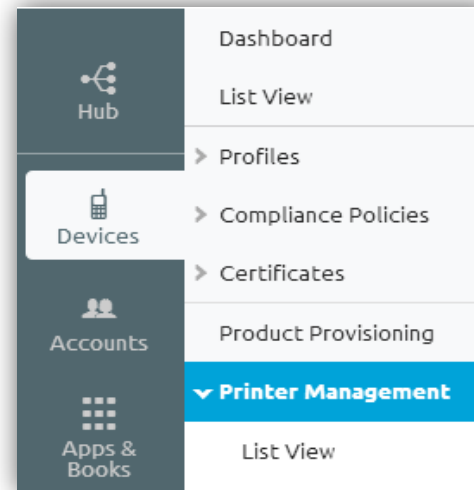

## 6.5

- Menu > Peripherals

## 7.0

- Devices

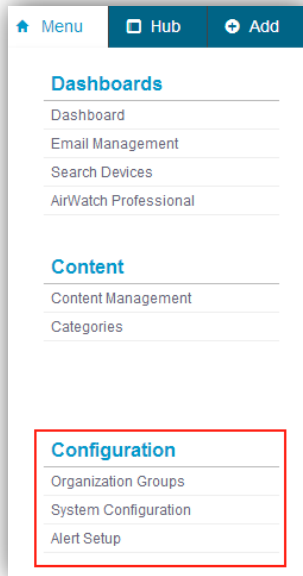

# Menu – Configuration – Groups & Settings

The Configuration option has been expanded and renamed Groups & Settings.

\*System Configuration (6.5) has been renamed to All Settings (7.0).

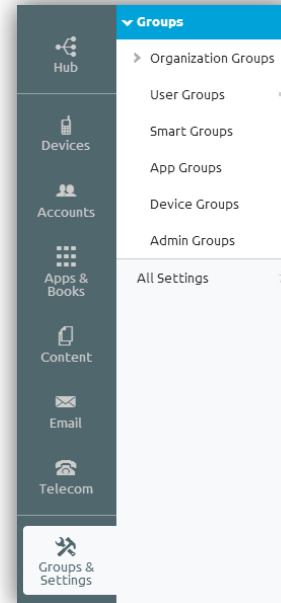

6.5

- Menu > Configuration

7.0

- Groups & Settings

# Dashboards

AirWatch Dashboards have a new location, appearance and added functionality.

## What's new with Dashboards?

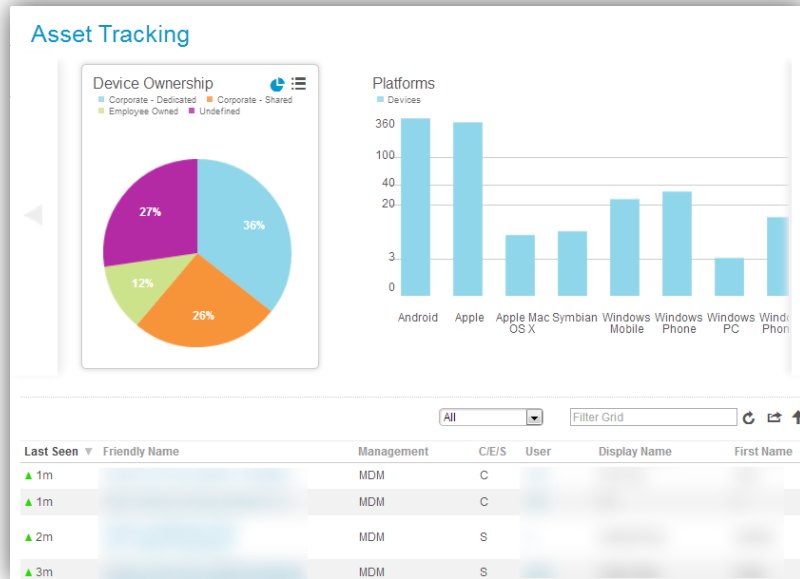

- Device Dashboard
- Email Management
- Device Search

# Dashboards – Device Dashboard

The Device Dashboard has been relocated to the Devices tab in the Main Menu.

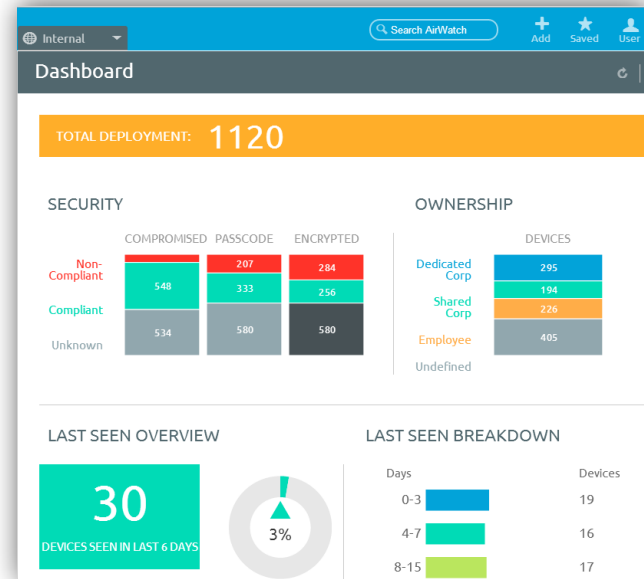

## 6.5

- Menu > Dashboards > Dashboard

## 7.0

- Devices > Dashboard

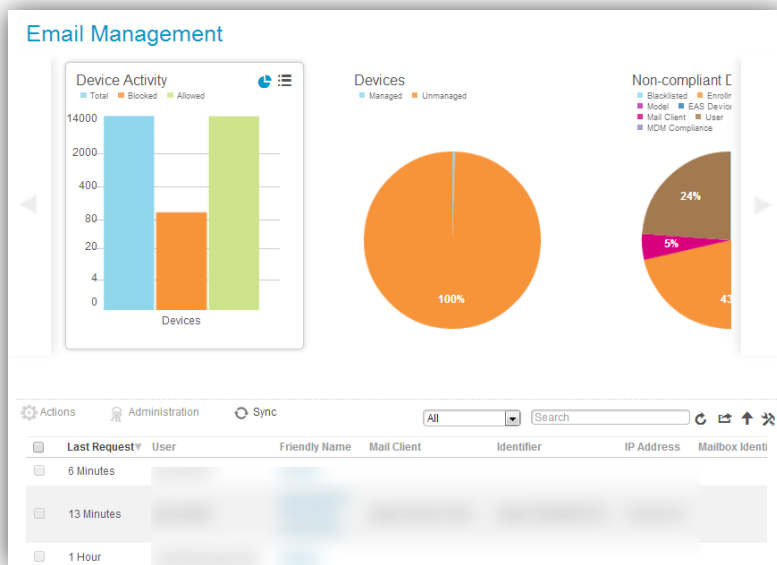

# Dashboards – Email Management

The Email Dashboard has been relocated to the Email tab in the Main Menu.

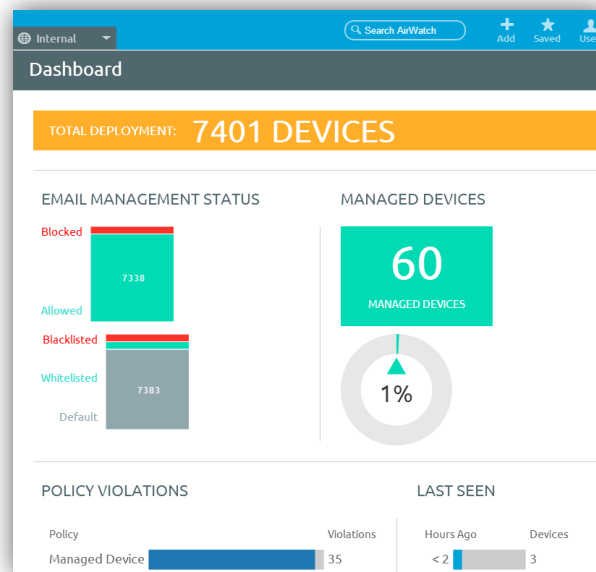

## 6.5

- Menu > Dashboards > Email Management

## 7.0

- Email > Dashboard

# Dashboards – Device Search

To locate a device, you can navigate to the List View from the Devices tab and enter the term into the Filter Grid box, or use the [Search bar](#).

## 6.5

- Menu > Dashboards > Device Search

# Dashboards – Device Details View

By default you will see the Device List view, but you can revert back to the traditional Details View using the Layout option on the Device List View page:

The screenshot displays the 'List View' interface for device management. At the top, there is a 'Filters' section and an 'ADD DEVICE' button. A 'Layout' dropdown menu is open, showing options for 'Summary' and 'Details', with 'Details' selected. Below the menu is a 'Choose Columns:' section with checkboxes for various fields: Last Seen, Friendly Name, Ownership, Username, First Name, Last Name, Email, and Platform. The main table lists devices with columns for Last Seen, Friendly Name, Ownership, Username, First Name, Last Name, Email, OS, and Model. The table contains 15 rows of device information.

| Last Seen | Friendly Name                   | Ownership | Username | First Name | Last Name | Email                | OS    | Model      |       |

# Profiles & Policies

Device profiles and policies have been merged into the comprehensive Devices tab in the Main Menu.

## What's new with Profiles & Policies?

- Profiles
- Compliance
- Certificates
- Product Provisioning

# Profiles & Policies – Profiles

Locate, change and create device profiles from the new Devices tab in the Main Menu.

## 6.5

- Menu > Profiles & Policies > Profiles

The screenshot shows the 'Device Profiles' management page. On the left, there is a sidebar with 'Organization Group' set to 'Internal' and a menu with 'Profiles' > 'Device Profiles' selected. The main area has a 'Device Profiles' header with 'Add', 'Upload', and 'Bulk Import' buttons. Below the header are filters for Status (Active), Publish (All), Platform (Any), and Setting Group (All). A table lists profiles with columns for Active status, Profile Name, Type, Platform / OS / Model, Ownership, Managed By, and Installed/Assigned. The table shows four profiles: one for Apple Mac OS X, one for Apple iOS, and two for Windows Phone.

| Active                              | Profile Name | Type | Platform / OS / Model      | Ownership | Managed By | Installed/Assigned |
|-------------------------------------|--------------|------|----------------------------|-----------|------------|--------------------|
| <input checked="" type="checkbox"/> |              | Auto | Apple Mac OS X / Any / ... | Any       |            | 0 / 0              |
| <input checked="" type="checkbox"/> |              | Auto | Apple iOS / Any / Any      | Any       |            | 0 / 0              |
| <input checked="" type="checkbox"/> |              | Auto | Windows Phone / Any / ...  | Any       |            | 0 / 0              |
| <input checked="" type="checkbox"/> |              | Auto | Windows Phone / Any / ...  | Any       |            | 0 / 0              |

## 7.0

- Devices > Profiles > List View

The screenshot shows the 'Profiles' management page in 'List View'. The left sidebar has 'Profiles' selected. The main area has a 'Profiles' header with 'Add', 'Upload', and 'Bulk Import' buttons. Below the header are filters for Status (Active) and Publish (All). A table lists profiles with columns for Active status, Profile Name, Type, and Platform / OS / Model. The table shows one profile: .BRAJ\_5753.

| Active                              | Profile Name | Type | Platform / OS / Model |
|-------------------------------------|--------------|------|-----------------------|
| <input checked="" type="checkbox"/> | .BRAJ_5753   | Auto | Windows Pho           |

# Profiles & Policies – Compliance

Device Compliance can be found from the Devices tab sub menu. Compliance has been renamed Compliance Policies.

## 6.5

- Menu > Profiles & Policies > Compliance

The screenshot shows the 'Device Policies' page in the AirWatch interface. On the left, there is a sidebar with 'Organization Group' set to 'Internal' and a 'Compliance' menu with 'Device Policies' selected. The main content area displays a table of device policies.

| Active                              | Name                       | Description              | Managed By | Compliant / N |
