Subject: Important Service Payout Information

Please be advised that for those who are collecting employment insurance benefits (including maternity and parental benefits), at the time the service payment is made (summer 2018), there will be an impact on these benefits (if you opt to take the service payout). Also note that you are responsible for reporting all monies paid or payable to you, cash or other, while receiving EI.

Note also that provincial officials have indicated they will not defer or accelerate the service payout.

We cannot provide details as to the potential impact on any one individual and would suggest you may want to discuss this with an EI representative and your own financial advisor.

Also, for those who will collect LTD benefits at the time of the service payout – we suggest you contact your service provider to determine if there will be an impact on your benefits.

The Medavie/Blue Cross (LTD) contact is Lori-Ann LePage and can be reached at 1-877-849-8509 or 902-496-7334 or Lori.Lepage@medavie.bluecross.ca.

Thank you,

Wade Tattrie, CPA CA
Director of Finance
SSRSB
