

THE GIRLS' LOFT

...a place to try new things, have fun & be yourself!

Second Story Women's Centre is offering 'The Girls' Loft' Mentorship Program; a safe and empowering space for female/gender-oppressed youth aged 9-13 to learn, create and connect.

Through fun activities like arts & crafts, cooking, story telling, creative games and discussion, youth engage with each other and a diverse group of adult and teen mentors from their community.

This is a free, bi-weekly program and space is limited. Where transportation is a barrier, travel assistance can be provided
