## **4.0 LODGING AND ASSOCIATED EXPENSES**

- 4.1. While travelling on SSRCE business, due regard must be given to frugality/economy when booking accommodations. The use of luxury accommodation is not permitted and will not be reimbursed. When planning trips, staff members should normally stay at establishments offering preferred discount rates. It is the responsibility of the staff member to identify they

are a SSRCE staff member in order to ensure that the preferred rate for commercial accommodation is provided.

#### 4.2. Cancellations and Guaranteed Reservations

4.2.1. When travel plans change and the accommodation will not be required, the staff member shall ensure that reservations are cancelled directly with the commercial establishment(s). Proof of cancellation shall be obtained (i.e.: cancellation number and agent's name).

#### 4.3. Private Accommodation

4.3.1. Where a staff member is required to be away overnight on SSRCE business and they use private accommodation, the staff member may be reimbursed to a maximum of \$25 per night. Private accommodation is not an establishment that is in the business of providing daily lodging to the public.

#### 4.4. Hotel Charges

4.4.1. It is the staff member's responsibility to review the hotel charges and to question charges that were not authorized, or where the amount is incorrect. Expenses that may be claimed include:

4.4.1.1. Room rental

4.4.1.2. Parking fees

4.4.1.3. Internet fees

### 5.0 PARKING FEES

5.1. Staff members may claim parking fees for short-term parking when on SSRCE business, overnight parking when not provided with accommodation, and parking at an airport or other transportation terminal (if it is less costly than access via bus or taxi).

5.2. Staff members will use free parking when available and metered parking in preference to lot parking if the expected duration of parking is within the time permitted. Fines for overtime parking are not an allowable expense.

### 6.0 TRAVEL EXPENSES

6.1. Effective April 1 of each year the kilometrage rate will follow the provincial rate for all thresholds, and will be automatically implemented when the provincial rate is changed, without SSRCE approval. The following thresholds apply:

<b>Kilometers Driven</b>	<b>Rate</b>
0 – 16,000 km	As per the provincial rate
16,000.1 + km	As per the provincial rate

6.2. When staff members are travelling to the same location for the same time period, they should car pool instead of taking more than one vehicle.

6.3. Staff members using their privately-owned vehicle must maintain adequate automobile insurance coverage, a valid driver's license and car registration.

- 6.4. The SSRCE assumes no financial responsibility for the payment of insurance premiums.
- 6.5. The SSRCE assumes no responsibility for the deductible amounts related to comprehensive or collision coverage.
- 6.6. The SSRCE assumes no responsibility for damages to the staff member's vehicle while on SSRCE business.
- 6.7. All travel outside of Canada must receive prior approval from the Regional Executive Director (or designate) before any travel arrangements can be made.
- 6.8. Amounts can be claimed for:
  - 6.8.1. Taxi Fares – receipts required in excess of \$15
  - 6.8.2. Toll Fees (such as ferries, toll highways, etc.) – receipts required in excess of \$15
- 6.9. Employees who use their own vehicle on the employer's business shall be reimbursed at the SSRCE rate for kilometrage (as noted in 6.1) over and above those kilometers they normally incur to travel from and to their residence and their base work location. Kilometers will be calculated using the most direct or expeditious route. Examples include:
  - 6.9.1. If an employee travels a total of 150 kilometers in a day, of which 30 kilometers is the distance to and from home (15 kilometers each way), they would be entitled to be compensated for 120 kilometers (as long as this is all related to the employer's business and it is the most direct or expeditious route).
  - 6.9.2. If the same employee goes to their base work location in the morning and later that day travels 50 kilometers to a business meeting and returns to work later that day but decides to take a scenic route (during their lunch hour) that requires a trip of 65 kilometers, they would be entitled to be compensated for 100 kilometers (as the return trip was not the most direct or expeditious route).
  - 6.9.3. If the same employee goes to their base work location in the morning and later that day travels 10 kilometers to a business meeting and then leaves that meeting and travels 8 kilometers to home at the end of the day, they would be entitled to be compensated for 3 kilometers. This is calculated by – 15 km to work + 10 km trip + 8 km home – 30 km from work to home = 3km.

## **7.0 RENTAL VEHICLES**

- 7.1. Travel using a rental vehicle shall be encouraged and authorized when, in the opinion of the employee's supervisor, this method is practical, economical and safe (depending on weather conditions).
- 7.2. Any fuel charges for the rental vehicle may be paid for using a SSRCE issued credit card, or the staff member shall pay it and submit an Expense Claim Form for reimbursement. The itemized receipt is to be attached to the claim.

specialty vehicles may be used only when warranted by:

- 7.3.1. The number of passengers to be carried.
- 7.3.2. The bulk or the weight of the goods to be transported.
- 7.3.3. An extenuating circumstance, such as hazardous weather conditions.

7.4. Vehicles that are rented should be returned to same rental location that they were rented from. If for some reason the vehicle cannot be returned to the same rental location, drop-off charges shall not be reimbursed unless preauthorized by the staff member's supervisor.

- 8.1.6. The claim has been signed and dated by the staff member.

8.2. Expense claims could be returned to the staff member for being incomplete, for example: calculation errors, no signatures, no account information, etc.

- 8.3.1. Expenses incurred by a staff member for SSRCE business must be submitted on an expense claim form and submitted to the staff member's supervisor.

- 8.3.3. Only original expense claims will be accepted. Faxed or scanned forms will not be accepted for processing.
- 8.3.4. Staff members are to submit their expense claim forms on a monthly basis to their immediate supervisor.

8.4. The Director of Finance shall bring identified issues relating to staff member's expense claims to the attention of the supervisor who approved the claim or to Senior Management for resolution.

8.5. At year-end the Finance Department will communicate the final deadline for all expenses to be submitted (with receipts)

8.6. Expense claims will be reimbursed by direct deposit in a timely manner on the next scheduled payment date, if approved documents are submitted to Accounts Payable by the appropriate date.

- 8.7. All receipts must be attached to the expense claim form showing the detail of what was purchased, and that payment was made (per diem meal claims is an exception). For example, on-line purchases such as airfare must include the invoice detail and must show that payment was made by including the credit card receipt or statement.
- 8.8. Claims for such items as airline flights, train travel, etc. must include the itinerary with the staff member's name, dates of travel, purpose of travel, to and from, etc.
